Frequently Asked Questions

Q) What is the price per square foot?

A) Nelson RTM Homes has levels of specifications that meet most peoples' lifestyles and budgets. At \$80.00 per square foot, the Gateway Series has been designed to address the entry and cost effective homes. The Vista Series has houses starting in the mid \$80's per square foot. This series of home takes some features of the Gateway and Summit Series to provide mid-line home. The Summit Series is available on all of our house plans and even ones that you create. The pricing starts in the mid \$90.00 per square foot to whatever you budget allows.

Q) How many pieces does the house come in?

A) All of Nelson Ready to move homes comes in one piece. All of RTM homes on the website are delivered to your site as shown – with the attached garages.

Q) Do you use crane to lift the homes on the foundation?

A) No. Nelson uses specialized house movers that roll the houses on to the foundation.

Q) How finished are the houses when they arrive on my site?

A) The houses are complete. The light fixtures are hung and the toilets set. They are virtually ready to move in to.

Q) What is the difference between a RTM home and a site built house?

A) Nelson uses the same building materials and procedures as site building, except we build them stronger to withstand the move.
